

The Ultimate LED Lighting

Innovative Lighting Solutions

ABOUT US

Trident Lights a luminaire company established in the year 2024. The company has gradually expanded its operations to an integrated lighting solution provider under one roof. Our quest for innovation and obsession for high quality has made us a leading provider of LED luminaries, providing an extensive range of fittings and fixtures at the most effective cost.

Trident Light employs highly skilled technical staff supported by a team of Designers and Engineers and is backed by a fully equipped workshop entailing the most advanced technology. Thus, it has developed for itself an excellent reputation among leading Architects and Designers across India.

FEATURES AND SPECIFICATIONS GUIDE

CONSTRUCTION

IP 20

Protection against solid objects >12.5 mm (e.g., fingers); no water protection.

Indoor Lighting

Indoor lighting is designed for enclosed spaces, offering efficient illumination to enhance functionality, aesthetics, and comfort.

Beam Angles

- Narrow (10°–25°): Focused light for accents and spotlights.
- Medium (30°–40°): Balanced light for tasks and displays.
- Wide (60°–120°): Broad light for large areas and general lighting.

IP 65

Fully dustproof and resistant to water jets from all directions

Outdoor Lighting

Outdoor lighting is built to withstand environmental conditions while providing powerful illumination for safety, security, and aesthetics.

CRI (Color Rendering Index)

CRI (Color Rendering Index) measures how accurately a light source displays colors compared to natural sunlight, on a scale from 0 to 100.
